Recommendation from the Selection Committee

1. POINTS SYSTEM: will give fair selection process and will also help players to have fair chance of selection.

The committee recommended the following point system

Cadet & Sub Junior	Junior
60 National Ranking	50 National ranking
20 Camp trials	30 International ranking
20 Selection com./Coach	20 Selection com./Coach

2. To have age Criteria for Cadet, sub Jr and juniors at par with International cut of Dates. Sir you will understand the mentioned age group is the foundation of developing and building strong table tennis force of our country. Therefore whenever a ranked player graduates to higher group still he continues to play in same group at international level but not in Domestic Season, which is illogical.

He is not participating in same group in domestic tournaments so his merits are based on last year's performance.

The current ranked players who are performing very well are disheartened as they are deprived in international exposure.

In the said categories competition is avoided, when the players go in higher groups by this there can be erosion of standard.

In view of above this committee strongly recommends these two changes.
Hope you will give due consideration to same.
